

Two Distinct Favors

Declarative Pipeline

Scripted Pipeline

- General purpose DSL
- Groovy-based language
- Pipeline-specific constructs
- Full flow control

- Simplified syntax
- Opinionated approach to workflow
- Structured flow control
- Clearer but less expressive

Original approach

Go-forward option

• Groovy-based language

• General purpose DSL

• Pipeline-specific constructs

• Fulfillflowcontrol

- Opinionated approach to workflow

o simplified syntax

- structured flow control

• Clearer but less expressive
